

DBS FALL 2023 RESEARCH RETREAT

September 15, 2023 | Riechmann Indoor Pavilion, Stephens Lake Park

*In biology, the presence of an **interaction** means you cannot fully understand what is going on without studying both interacting partners. We will spend the day exploring how our research programs interact with each other, with our students, and with our community.*

Schedule

- | | |
|----------|--|
| 9:00 AM | Arrivals & Light Breakfast (Goldies and Shockwave Coffee) |
| 9:30 AM | Welcome by David Schulz |
